PROFESSIONAL PROFILE

Having graduated South Seas film school in 2016 with top marks in camera and lighting I have since gained relative experience working on a variety of Films and TV series.

I am a mature and reliable professional. I enjoy the challenges of problem solving and have a keen desire to learn more about the technical aspects of the craft. I have excellent communication skills, both written and verbal. Quiet and hardworking on set, yet I relish the opportunity to show leadership traits. I possess the ability to motivate those around me and have sound planning and organizational skills.

I am educated and capable in both production and technical departments. I aim to pursue a successful career in this industry and I am prepared to make the sacrifices required to do so.
