daveyham@gmail.com

I've worked on many Films, Dramas, Commercials, Music Videos, Short Films, Live Camera Events, and Documentaries since 2003, as a camera op, 1st AC, clapper loader and video split. I've worked with most cameras from 35mm to 16mm, video from digi Beta through to the most recent HD cameras, Annamorphic, and spherical lenses. I also have experience with rigging cameras on most crane systems, remote heads, Aerial and tracking vehicles, and underwater housing.
