Qualifications
Full Drivers Licence
RYA level 2 Boat licence

Personal Statement

I graduated from Unitec Performing and Screen Arts in 2015, majoring in camera, lighting and sound and have been working in the camera department ever since.

Throughout my career I have worked on many challenging productions that range from helicoptering to the tops of south islands snowy peaks, to some of new Zealand's roughest beaches. I have worked with many different cameras, that primarily include Arri, Red and Sony along with camera stabilising systems that include Gimbals Steadycams, Motion Capture, Telescopic Cranes, Underwater Housings and more with some of the strangest lenses such as Frazer and Tilt shift Lenses.

I am hard worker and love what I do spending countless hours researching some of the newest tech to keep me at my best.

My own focus equipment consists of;

- Hi Five Remote focus
- Cine 13 Small HD focus Monitor
- Focus Bug Cine RT Range finder
- 2 Magliners
