Awards; **Emmy 2022** Children's and Family for Outstanding sound Mixing and editing in a live action Drama
Sweet Tooth season one.

Over the last twenty five years I have built up a diverse knowledge and experience in all aspects of location sound recording. From small three person doco crew to large multi camera international productions as a Production Sound Mixer I can adapt my knowledge and equipment perfectly.

I have a knack for tricky shoots. I am just as confident and able on the top of a mountain (First Crossings) or deep underground (Cave Connection) as I am in a studio with complicated drama sequences.

Below is a snap shot of some of the projects that I have done.

Industry Experience:

Sound Recording;

Television Drama;

'Sweet Tooth' season 1, 2 and 3
Prod Co; Manu One
