## INBRIEF

I am a camera operator based in Auckland, New Zealand, passionate about telling stories with pictures.

Proficient with studio drama, handheld and remote crane work, as well as Steadicam and Arri Trinity.

Recently I worked as A Cam Op on the Amazons 'Lord of The Rings' series and just finished a 2<sup>nd</sup> camera roll on the feature 'The Tank'.

Though primarily an operator, I have taken opportunities to shoot 2<sup>nd</sup> Unit or splinter for various features and series.

I previously worked through the camera department, before moving into operating on the US show Spartacus.
