Some memorable moments as a Sound Mixer I have had would be working on the Television Series *Chief of War*, which led to a Cinema Audio Society award nomination for Outstanding Achievement in Sound Mixing. Also, working alongside Taika Waititi on the Feature Film *Klara and the Sun* was an experience like no other.

A Feature Film that I also mixed, *Adrift*, was set mostly at sea, with 4 weeks spent filming in the Pacific open ocean. I learned some invaluable skills on how to capture usable sync sound under very trying conditions.

I look forward to sharing my experience as a contributing filmmaker in my next adventure.
