

SEVRIN NOAKES

2nd AC

Kia Ora, I have been working as a 2nd AC in Auckland for the past three and a half years. During this time, I have been fortunate enough to learn from and work with a range of highly experienced camera personnel on projects across TV series, feature films and commercials. I enjoy the dynamic nature of working as a 2nd AC and applying myself to the technical, organizational and creative particulars of the role. I am always looking to upskill, challenge myself and meet the demands of the job.
