Auckland Based

Full Class 2 License

After graduating from South Seas School of Filmmaking with a diploma in 2014 I have been steadily employed in the film industry, across various different departments, such as unit and locations, before finally settling into the camera department in early 2021 as I work towards my long term goal of a career as an operator.

Beginning my career in reality television I have gained experience across many formats in the industry, having worked on various TVC's and music video's, while also working on many large format TV Drama's and feature films.

KRISTOPHER JOHNSTON
