CURRENT EDUCATION

Auckland University of Technology — *Bachelor of Communications*
- Major: Screen Production

2022 - 2024

I have just finished my 3 year long screen production degree.

Projects have included short films, web series and multi-cam studio productions as well as big scale research and presentation projects. To succeed I've needed to work well in a team, pay attention to detail, excel at communication and work to deadlines.

My specific skills include experience with operating cameras such as a Sony FX6 Cinema Camera, Sony A7iv, Canon C100. Basic on set sound recording & boom operating, in depth storyboarding, editing in Adobe Premiere Pro, Photoshop and After Effects.

EXPERIENCE

Actor, various series, movies and TVCs

2015 - Present

Acquired skills including reliability, the ability to deal with many different people, excellent memory (remembering lines and stage directions), being calm under pressure and always pleasant to deal with.

Excellent on set etiquette and thorough understanding of different roles and departments. Strong work ethic and stamina required for long shoot days and night shoots

Productions included:

INTERESTS

Film ...

Technology.

Built my own Windows PC primarily for video editing and gaming.
