

KA WEE TEONG

I'm passionate about bringing stories to life through the lens. Over the past 9 years, I've planned, directed, filmed, and edited over 300 videos, including small budget short films, music videos, cinematic vlogs, commercials, and documentaries. As a solo creator, I've learned to wear many hats, but I'm now focused on pursuing a career in film or TV production across roles such as directing, cinematography, or art direction.

At this stage, my goal is to join a professional production team or project, where I can learn from industry practitioners, gain hands-on experience, and continue developing my craft in a collaborative environment.
